Professional Summary

Motivated and detail-oriented Information Science and Engineering student with hands-on experience in Full Stack Development, Artificial Intelligence, and Machine Learning. Skilled in building scalable applications, developing REST APIs, and solving real-world business problems. Passionate about Software Development and AI-driven tools/solutions.

Education

SJC Institute of Technology

Bachelor of Engineering in Information Science and Engineering
CGPA: 8.83

Chickballapur, Karnataka

2022 – 2026

Internship

Kenai Technologies

AI/ML Intern

Bengaluru

2026

- Developed AI/ML applications using Python, FastAPI, and machine learning techniques.
- Built REST APIs and integrated ML solutions into production-oriented applications.
- Contributed to end-to-end AI/ML development, including model implementation, testing, and application integration.

Projects

IntelliProcure AI:

Tech Stack: React, FastAPI, Python, PostgreSQL, Gemini API, RAG, OCR

- Developed an AI-powered enterprise procurement platform for purchase requests, RFQs, supplier management, quotation comparison, POs, invoices and approvals.
- Built a Gemini-powered Procurement Copilot with RAG and OCR for document analysis, natural-language queries, supplier insights and intelligent recommendations.

FraudShield AI:

Tech Stack: Python, FastAPI, React, PostgreSQL, Scikit-learn, XGBoost, MLflow, SHAP

- Developed an end-to-end AI-powered fraud detection platform for analyzing financial transactions and identifying potentially fraudulent activities.
- Developed FastAPI REST APIs and a React dashboard for real-time prediction, analytics, and visualization, with PostgreSQL .

Smart Travel Planner:

Tech Stack: React, FastAPI, Python, PostgreSQL, REST APIs

- Developed a full-stack travel planning application that enables users to discover destinations and create personalized travel itineraries.
- Designed a responsive and intuitive interface focused on simplifying the process of planning and organizing trips.
- Implemented backend services and APIs for managing travel plans, destinations, itineraries, and user data.

Technical Skills

Programming: Python, Core Java, SQL

Web Technology: Node.js, Express.js, FastAPI, PostgreSQL, MongoDB

Tools: GitHub, VS Code

Soft Skills: Communication, Teamwork, Problem Solving, Presentation Skills

Certifications

Oracle Fusion AI Agent Studio

Certificate

Oracle Cloud Infrastructure AI Foundations

Certificate

Cisco Data Science Certification

Certificate
